Sharing Our Message at the Turner County Fair

Love INC was excited to spend the *Best Four Days of Summer* once again at the Turner County Fair for our third year. The fair is a wonderful opportunity for us to share our message and mission with hundreds of people, as well as evangelize by giving out free bibles and devotions sharing the word of God.

By offering stickers, door prizes and religious resources we have the opportunity to visit with those that stop by our booth about the services we offer in communion with our partner churches, if they would be interested in volunteering, and even help some broken people that come to us with thier needs for prayer which we are humbled to offer.

God sends us those for us to serve in many different ways, and for one week out of the year it just happens to be across from a dairy barn. 🐄

Jesus is bigger than your past.
Jesus is bigger than your pain.
Jesus is bigger than your fear.
Jesus is bigger than your anger.
Jesus is bigger than your sins.
Jesus is bigger than yourself.
